

Name:

## Water Cycle HW

Label the following diagram with the stages of the water cycle.

1. What is the liquid form of water called?  
\_\_\_\_\_
2. What is another name for the water cycle?  
\_\_\_\_\_
3. This section of the water cycle happens whenever it rains, hails, sleet, or snows.  
\_\_\_\_\_
4. What is the section of the water cycle where water dries up and returns to the sky in the form of small, floating water particles?  
\_\_\_\_\_

Draw and label the water cycle below.
